MEDIA RELEASE

NEW SPOKESPERSON FOR 50 SHADES OF GREEN

50 Shades of Green President, Andy Scott, has taken over from Mike Butterick as group spokesman.

Andy Scott was a founder member of the organisation and a spokesman for it.

With Mike Butterick making himself available for National Party selection it is inappropriate he is a spokesman for 50 Shades of Green.

“We are an independent organisation and intend to remain that way,” Andy Scott said.

“Party politics has no place in our group whose one aim is to stop good farmland being blanket planted in trees.

“We will continue to passionately represent that position.”

“We thank Mike for the sterling service he has given to 50 Shades of Green and wish him all the best in his political career,” Andy Scott said.
